Halleck Favored in All Wards for Finance Member of City Commission—Bonds Lost in One Ward

Park Bond Issue

First	83	120
Second	269	121
Third	116	106
Fourth	115	114

Finance Commissioner		
	Halleck	Johnitz
First	140	63
Second	223	163
Third	151	64
Fourth	154	80
Total	668	370

The park bond issue carried by 122 votes and P. H. Halleck was elected as commissioner of finance by a majority of 298 votes, to succeed Chris Johnitz, according to an unofficial count of the voting made last night. The bonds lost only in one ward, the first, while the voters of the second swung the proposition. P. H. Halleck easily carried all precincts. Abilene's lifelong ambition is now achieved and with thirty-one acres at its disposal it should soon have one of the prettiest community centers in the state.

Hopes were entertained by a few throughout the day for a favorable return on the park issue, but not until five o'clock did conditions begin to brighten. Then opponents began to concede defeat. The first returns from the first with 37 against put a damper on the enthusiasm. The third then reported a majority of 10 for. Hopes were again renewed but the fourth's report of a majority of only one favoring the issue quieted all, until the returns began to leak out from the second. At 8 o'clock the visitors at the polling places were acclaiming the fact that Abilene would soon own a park.

About 3 o'clock opponents of the issue became very active and then it was that those who wanted a park started to work. Automobiles were pressed into service and many delinquent persons eligible to vote were rushed to the polls. Not as active a publicity campaign was waged this time as last year and there were many who simply forgot to go to the polls and scratch their ballot.

The tickets used were simple and there was little chance for confusion or misunderstanding as there was in the last election.

The first ward counting was completed at 7:20, fourth at 7:30, third at 7:45, and second at 8:10.

Dr. Conklin said today: "The grounds immediately will be legally transferred to the city." He added that as president he was not in a position to make any statement as to the association's future plans. These will be worked out at a meeting of the directors.

A cement sidewalk is being put down in front of the Schiveley and Davidson residence properties on North Spruce. By order of the city officials it is being put in 18 inches further toward the property line than the old one. It is in the middle of the block and the brick walks at either end will be out 18 inches, making a ragged appearance.
